WEB DEVELOPER

Web developer with a passion to create beautiful and elegant applications for the everyday person to use. My background in communications helps me be a great asset to the team and present projects on scheduled dates. I am a self starter and have the ability to multitask and will work effectively to get the task in hand completed. Nevertheless I am committed to mastery of code and will work everyday to see the business growth take off.

TECHNICAL PROJECTS

Finish Line - *Github* - *Youtube*
Productivity app that allows you to create projects with task and see all task on a calendar.
- I workled with **Calender.io** to display all tasks in a weekly calendar and used **Keyframes** for animations.
- Application used **JWT Login** for security and stored users information in my **Ruby on Rails Back-end.**
- It's an **Asynchronous** app so you don't have to refresh the page after every function is called.

Connecting the Dots - *Github Frontend* - *Github Backend* - *Youtube*
Monthly Expense Report with charts and tables.
- Utilized **React-Bootstrap-Table, Chart.js, Html, and CSS** to display all info in a minimalistic format.
- Used **Ruby on Rails** for my backend to create, edit, and delete tasks, expense reports, and users.
- For my frontend I used **Javascript** and **React.js** to build out functions, components and **API** calls.

Block Buster - *Github* - *Youtube*
Recreation of the Famous Tetris Game.
- Utilized **Ruby on Rails** and **SQL** to create and store data on a database to then display them in our front end.
- Worked with **Javascript** to build all core functions of the game like the gravity and the switching tetriminos mid game.
- Created my own pure **CSS** and **Keyframes** to create all styling and animation.

EXPERIENCE

Ayala Property Group — Houston, TX
Real Estate Agent — **09/2015 to Present**
- Managed a wide range of clientele by searching for residential properties for personal residence and investments.
- Accustomed to working in fast paced environments with the ability to think quickly and handle difficult situations.
- Cultivated an excellent rapport and trust factor with clients which facilitated long term relationships, referrals and repeat business.

T-Mobile — Houston, TX
Sales Rep — **1/2019 to 1/2020**
- Establish and maintain good customer relationships with both customers and team members.
- Troubleshooted phones, network and application for customers.
